

CHAPTER 24. SUBSTANTIVE RULES APPLICABLE TO WATER AND SEWER SERVICE PROVIDERS.

Subchapter G. CERTIFICATES OF CONVENIENCE AND NECESSITY.

§24.119. Filing of Maps.

With applications to obtain or amend a certificate of convenience and necessity, each public utility and water supply or sewer service corporation shall file with the commission a map or maps of the area or areas being requested in the application showing all its facilities and illustrating separately facilities for production, transmission, and distribution of its services, and each certificated retail public utility shall file with the commission a map or maps showing any facilities, customers, or area currently being served outside its certificated areas. Facilities shall be shown on United States Geological Survey 7.5"-minute series maps, subdivision plats, engineering planning maps, or other large scale maps. A color code may be used to distinguish the types of facilities indicated. The location of any such facility shall be described with such exactness that the facility can be located "on the ground" from the map or in supplementary data with reference to physical landmarks where necessary to show its actual location.
